## **Agenda Pro 9.4.1 With License Key 2022 [New]**

AgendaPro is a professional free agenda manager. It can help you plan tasks or events, schedule them and manage todo lists and contact history. It supports todos with subtasks, priority, start and due date. You can view/sort the events, edit, copy, move and share the tasks. It can export the information to other software or use in Microsoft Outlook as a task organizer. It allows you to create and manage contacts, provide names, emails, phone numbers, company, office telephony, categories and manage groups of contacts. How to Use AgendaPro? After you install it, simply open the application and start creating new contacts, categories or plans. You can quickly add names to a group of contacts by dragging the group to a group and enter the names. The same approach is used for contacts and categories. To plan a new task simply type in the name, detail, category, priority and due date. Then click on the Add button. Free version of AgendaPro is limited to 5 contact lists and 100 contacts but you can buy license for more lists, email accounts and contacts. AgendaPro provides an intuitive graphical interface that allows you to manage your data without using a button. You can also sort the contacts, tasks and plans with ease. Create a group and drag the group to the list. Enter the names of the contacts in the group and give them an email account. To plan a task simply type in the name, detail, category, priority and due date. Click on Add and then Add task. You can also use the Drag and Drop feature to add the task to another list. Tip: You can add a lot of contacts or categories by just dragging them to the respective lists and type in the name. How to export the information to MS Outlook? When you close the application, you can save the contact information to your MS Outlook. You can select the contacts or category, click on

Export and choose the export type. AgendaPro Windows PC software application version reviewed on windows 10 Tip: You can export information to other applications, email accounts, Sharepoint, Google Drive, Microsoft OneDrive and iCloud. AgendaPro Review – AgendaPro application or software? From the above review, we can say AgendaPro is a good application that can help you manage your daily tasks and schedules more efficiently and effectively. It sports a very intuitive graphical interface and has many
